December 16, 2017

Dear Mr. Johnson,

I am writing to make a complaint.

Two weeks ago, I bought a washing machine from ABC store, but unfortunately, it did not work only 3 days later. checked the electricity and the socket and found nothing wrong. I called the Customer Service Center of your store, and they promised to offer on-site service. Two weeks has passed, and nobody comes to repair it for me.

So I demand that you send a repairman as soon as possible or replace my washing machine with a new one. Otherwise, I will claim to make a full refund.

I hope you can deal with my complaint as soon as possible and make sure everything is solved. My phone number is 8888-6666.

Sincerely yours,  
Wang Xiaolin

Welcome to the Public Bus System. Its bus network operates 365 days of the year and has services that can

take you to your destinations (目的地) quickly and easily.

You can travel round the city for just \$3 a day with Type-A bus tickets. Type-B bus tickets are even cheaper.

You can get on and off as many times as you like, so you can tour the city at your own pace. You can buy tickets at most newspaper stands.

If you want to get more information, call the office of the Public Bus System.

#### Section D

The world is not only hungry but it is also thirsty for water. This may seem strange to you for nearly 70% of the earth's surface is covered with water. But about 97% of that huge amount is sea water. Man can only drink and use the three percent—the fresh water that comes from rivers, lakes and underground. And we cannot even use all of it, because some of it is polluted.

However the small amount of fresh water which is sometimes replaced by rainfall is still enough for us now. But our need for water is increasing rapidly almost day by day. Only by taking steps now can we avoid the serious water shortage in the future. One way is to make use of sea water by removing the salt, which is already in use in many parts of the world.
